Wash N Shine DP513

Features:

- High foaming car wash concentrate
- Highly concentrated
- Leaves high gloss surface protectant
- Pleasant citrus scent
- Economical for shop use

Product Description:

Diamond Professional Wash N Shine is a high viscosity, concentrated car wash protectant.

Product Benefits:

Wash N Shine is a high sudsing car wash that removes stubborn contaminants while leaving a surface protectant that produces a unique high gloss shine.

Directions:

Vehicle should be cool - washing should be done in the shade - always avoid direct sun. Add 2 capfuls (one ounce) Wash N Shine to gallon of water. Wet vehicle, then wash with wash pad, soft cloth or microfiber towel. Wash vehicle one section at a time, rinsing product off prior to next section. Once washing is complete, dry with chamois and then final dry with cotton or microfiber towel for best results.

Packaging Options:

Gallons
